Encore Wedding Photography - Wedding Day Itinerary

Please provide us with a **full** itinerary for your wedding day. It helps us greatly to plan our photography so that we can get our job done efficiently and discretely.

Please allow at least one hour and fifteen minutes for your main photo session, sometime between the end of your wedding ceremony and start of your receiving line (or meal if you are not having a receiving line).

You **MUST ALSO** let us know when events are due to **FINISH, as well as START**, because this allows us to identify 'spare' time in your schedule, where we can get additional photos (friends, casual guests, room de¤cor, scenery, etc).
