Packages and Prices

Although we do convenient 'packages' - we would hate to call them 'Gold', 'Silver' and 'Bronze' because all of our packages include the same quality and same number of photographs, and what we cover on the day is identical. The only thing that is different is whether you choose a USB Pen Drive only, or a Pen Drive with an Album or Photobook.

Shown below are details of what you get in each of our packages and we've also listed some additional items that you may want to add. Note that you can change your mind about having an album or photobook at any time, even after the wedding.

P1: Digital USB Pen Drive - only £595

- From approximately 45 minutes before the wedding ceremony until first few dances in evening
- High Resolution Wedding Photos (typically 250-400) on USB Pen Drive
- Copyright Transfer for non-commercial future use in any printing or distribution format

P2: Printed Photobook - only £795

- From approximately 45 minutes before the wedding ceremony until first few dances in evening
